Handyman Service

HomeChoice Network is very excited and pleased to announce that handyman services are now available for our clients. Often times the need exists in the clients homes for minor repairs and routine maintenance projects. It's difficult to know where to find the "right" handyman - or whom to trust in your home. This is especially true when you are the responsible party and live miles away.

Our agency has teamed with Cranford's Quality Home Repairs, a fully insured company to provide minor repairs and routine maintenance services. HomeChoice Network will take the work and the worry out of completing the projects. Prior to the start of any work, a written estimate will be provided for approval. We will schedule the project and will inspect it, when it's not convenient for you. The approved amount will be included in your HomeChoice Network invoice. In addition, we can arrange for landscape maintenance, HVAC filter maintenance, and gutter cleaning.
